• WITH MUSCAMONE® FLY ATTRACTION
• ATTRACTS AND KILLS FLIES
• STANDARD PARTICLE SIZE TO REDUCE DUST
• CAN BE USED AS A SCATTER BAIT OR IN BAIT STATIONS

**SPECIMEN LABEL**

**ACTIVE INGREDIENTS:**
Methomyl (CAS #16752-77-5) ....... 1.000%
(Z)-9-Tricosene (CAS #27519-02-4) .... 0.049%

**OTHER INGREDIENTS:** .............. 98.951%

Total ... 100.000%

EPA Reg. No. 2724-274 EPA Est. No. 39578-TX-1

**KEEP OUT OF REACH OF CHILDREN**

CAUTION
See additional precautionary statements.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**Starbar® GOLDEN MALRIN® Fly Bait (GOLDEN MALRIN®)** is a fly bait formula containing Muscamone® Fly Attractant which encourages both male and female flies to remain in the treated area, thus feeding on the bait.

**GOLDEN MALRIN® IS NOT TO BE USED INSIDE OR AROUND HOMES, OR ANY OTHER PLACE WHERE CHILDREN OR PETS ARE LIKELY TO BE PRESENT.**

Do not apply this product in a way that will contact workers or other persons. Only protected handlers may be in the areas during application. Do not contaminate feed and foodstuffs. Do not use the can opener used to open this product on food containers. Use a separate can opener. Do NOT APPLY WHERE POULTRY OR OTHER ANIMALS, ESPECIALLY DOGS AND YOUNG CALVES, CAN PICK IT UP OR LICK IT. Do not use in homes or where milk is processed or stored. Do not feed treated garbage. Use only in areas inaccessible to food producing animals, children, and pets.

Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is present.

**SCATTER BATS**

Use **GOLDEN MALRIN®** as a scatter bait only around the outside of certain commercial agricultural production facilities where children or pets will not be present, specifically feedlots, broiler houses, and livestock barns. Bait may be used on walkways in caged layer houses.

**GOLDEN MALRIN®** may also be used as a scatter bait around the outside of the following commercial facilities: canneries, beverage plants, meat and poultry processing plants, food processing plants, and commercial refuse dumpsters which are fenced or otherwise enclosed. Do not use around commercial dumpsters which are not enclosed. Do not use around dumpsters in residential settings.

To avoid contact, distribute bait directly from container or other device at the rate of approximately 1/4 lb (4 oz) per 500 sq ft of fly feeding area. Reapply on a daily basis to maintain control, when the fly population is large enough to consume 4 oz of **GOLDEN MALRIN®** within a 500 sq ft area in 1 day. However, when fly populations decrease, consumption of the bait also decreases, so reapply every 2-3 days to maintain adequate fly control. **DO NOT PUT IN PILES.** Keep 1 to 2 inch intervals between particles. **DO NOT ALLOW FOOD PRODUCING ANIMALS OR PETS TO HAVE ACCESS TO TREATED AREAS.**

**BAIT STATIONS**

Use **GOLDEN MALRIN®** in any commercial bait station secured at least 4 feet above the ground and inaccessible to food-producing animals, pets, and children in the following areas: stables, outside of milking parlors, kennels, fast food establishments, restaurants, commissaries, bakeries, supermarkets, refuse dumpsters, and warehouses. Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially
STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. **Pesticide Storage:** Store the product in a dry, cool place not reachable by children. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Handling:**
- **1 lb. container:** Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures allowed by state and local authorities.
- **5 lb. container:** Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling if available, or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.
- **40 lb. container:** Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling if available or puncture and dispose of in a sanitary landfill or by incineration or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION**
Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Do not allow children or pets into treated areas.

**FIRST AID**

**If swallowed** • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.

**If on skin or clothing** • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.

**If in eyes** • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to birds, fish, aquatic invertebrates, and mammals. Collect, cover, or incorporate any piles of granules spilled on the soil surface. Runoff may be hazardous to aquatic organisms in neighboring areas. Do not apply directly to water, or to areas where surface water is present. This chemical is known to leach through soil into groundwater, especially where soils are permeable or water table is near the surface.

For information or in emergency (24 hrs) call 1-800-347-8272.
