MATERIAL SAFETY DATA SHEET

MGK®
McLaughlin Gormley King Company

PRODUCT CODE: 007446

1. CHEMICAL PRODUCT AND COMPANY INFORMATION

PRODUCT CODE: 007446, EPA REG. NO.: 1021-1785
PRODUCT NAME: RIPTIDE™ Waterbased Pyrethrin ULV
PRODUCT DESCRIPTION: An Emulsifiable Insecticide Concentrate
CHEMICAL NAME: Mixture
MANUFACTURER: McLaughlin Gormley King Company, 8810 10th Avenue North, Minneapolis, MN. 55427
TELEPHONE M-F, 8:00-4:30 CST, 14:00-22:30 GMT: (800) 645-6466 or (763) 544-0341
MSDS & Product Information, 8:00-4:30 CST, 14:00-22:30 GMT: (800) 645-6466 or (763) 544-0341

24 HOUR EMERGENCY PHONE (CHEMTREC)
U.S. and CANADA: (800)-424-9300
CHEMTREC (ALL OTHER AREAS): (703) 527-3887

For information regarding medical emergencies or pesticide incidents, call the International Poison Center at: 1-888-740-8712

PEL = Permissible Exposure Limits.

COMMENTS: Ingredients not identified are proprietary or non-hazardous. Values are not product specifications.

3. HAZARDS IDENTIFICATION

POTENTIAL HEALTH EFFECTS: EMERGENCY OVERVIEW

CAUTION. Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes, and clothing.

| EYES: | Causes temporary irritation, tearing, and blurred vision. |
| SKIN: | Can cause skin irritation. Can cause a burning or pricking sensation on more sensitive areas (face, eyes, mouth). |
| SKIN ABSORPTION: | Harmful if absorbed through the skin. |
| INGESTION: | Harmful if swallowed. |
| INHALATION: | Excessive inhalation may cause nasal and respiratory irritation. |
| CHRONIC EFFECTS: | None known. |
| CARCINOGENICITY: | None of the components present in this material at concentrations equal to or greater than 0.1% are listed by IARC, NTP, OSHA or ACGIH as being carcinogens. |
| Carcinogenicity/ Oncogenicity: | Pyrethrum has been tested in chronic feeding studies in mice and rats. Slightly elevated incidences of benign tumors of the thyroid and liver were seen in rats following high doses of Pyrethrum. Further detailed scientific studies into the mechanism causing these responses indicate that these effects in the animals only occur at doses greatly exceeding the likely human exposure levels. Thus, the effects seen in animals are of little relevance to humans. Marginally higher incidences of benign liver tumors in mice were observed following lifetime high dose exposures to PBO. The doses at which tumors were observed for pyrethrum and PBO greatly exceeded potential human exposure from labeled uses. Doses at which these effects were observed greatly exceed anticipated human dietary intake. At anticipated dietary exposure levels, it is highly unlikely that this product will result in carcinogenic effects. |

4. FIRST-AID MEASURES

FIRST AID PROCEDURES:

| EYES: | Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. |
| SKIN: | Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. |
| INHALATION: | Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Immediately call a poison control center or doctor for treatment advice. DO NOT give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. |
| INGESTION: | For skin effects, a highly efficient therapeutic agent for Pyrethrin exposure is topical application of Tocopherol Acetate (Vitamin E). |

NOTE TO PHYSICIANS:

24 HOUR EMERGENCY PHONE (CHEMTREC): (800)-424-9300
(ALL OTHER AREAS): (703) 527-3887
5. FIRE FIGHTING MEASURES

FLAMMABLE PROPERTIES:

FLASH POINT: >200 °F/ 93.3 °C METHOD: TAG Closed Cup
This product is NOT classified as a combustible or flammable liquid by OSHA.
LOWER FLAMMABLE LIMIT: not established
UPPER FLAMMABLE LIMIT: not established
AUTOIGNTION TEMPERATURE: not established.

HAZARDOUS COMBUSTION PRODUCTS: Under fire conditions this product may support combustion and may decompose to give off toxic gases such as carbon monoxide, carbon dioxide, and nitrogen oxides.
EXTINGUISHING MEDIA: Foam, carbon dioxide, or dry chemical.
FIRE FIGHTING INSTRUCTIONS: Treat as an oil fire. Keep personnel removed and upwind of fire. Use a full-faced self-contained breathing apparatus along with full protective gear. Keep nearby containers and equipment cool with a water spray. Contain the run-off, if possible, for proper disposal.

6. ACCIDENTAL RELEASE MEASURES:

SMALL SPILL: Stop release, if possible without risk. Dike or contain release, if possible, and if immediate response can prevent further damage or danger. Isolate and control access to the release area. Take actions to reduce vapors. Absorb with appropriate absorbent. Clean spill area of residues and absorbent.
LARGE SPILL: Stop release, if possible without risk. Dike or contain release, if possible, and if immediate response can prevent further damage or danger. Isolate and control access to the release area. Take actions to reduce vapors. Collect product into drums, etc. via drains, pumps, etc. Absorb with appropriate absorbent. Clean spill area of residues and absorbent.

WASTE DISPOSAL METHOD: Contaminated absorbent and wash water should be disposed of according to local, state, and federal regulations.

7. HANDLING AND STORAGE

HANDLING: Take prudent precautions to avoid contact with skin, eyes, and clothing. Take prudent precautions to avoid breathing vapors and/or spray mists of this product. Mechanical ventilation should be used when handling this product in enclosed spaces. Wearing a respirator is not normally required when handling this material, but recommended in the absence of good mechanical ventilation. Do not contaminate water, food or feedstuffs by storage, handling or disposal. Read and observe all precautions and instructions on the label. Keep away from heat, open flame, ignition sources, and strong oxidizers. Emptied containers may retain product residues. Keep out of reach of children.

STORAGE: Store containers upright and closed. Store in areas that are cool, dry and well-ventilated. Keep away from heat, open flame, ignition sources, and strong oxidizers. Emptied containers may retain product residues.

WORK HYGIENIC PRACTICES: DO NOT SMOKE, EAT, DRINK OR APPLY COSMETICS IN WORK AREA! Wash Promptly if skin becomes contaminated. Wash at the end of each work shift and before eating, smoking, and using the toilet.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

EXPOSURE LIMITS: Not established by OSHA or ACGIH (see Section 2 for individual components).
ENGINEERING CONTROLS: Mechanical ventilation should be used when handling this product in enclosed spaces. Local exhaust ventilation may be necessary.
RESPIRATORY PROTECTION: Not normally required. Use in well ventilated areas.
SKIN PROTECTION: Take prudent precautions to avoid contact with skin and clothing.
EYE PROTECTION: Take prudent precautions to avoid contact with eyes.

9. PHYSICAL AND CHEMICAL PROPERTIES

APPEARANCE: Yellow, milk-like mixture.
ODOR: Slight sweet smell.
PHYSICAL STATE: Liquid
VAPOR PRESSURE: Not available
VAPOR DENSITY: Heavier than air.
BOILING POINT: Not available
VOC: < 3%
MELTING POINT: Not available
SOLUBILITY IN WATER: Partially miscible in water.
SPECIFIC GRAVITY: 1.012 @ 20°C (68°F)
COLOR, (GARDNER): Not available
pH: 3.9
VISCOSITY: 25.67 CPS @ 23°C (73.4°F)
REFRACTIVE INDEX: Not available

10. STABILITY AND REACTIVITY

CHEMICAL STABILITY: Stable.
HAZARDOUS DECOMPOSITION PRODUCTS: Not applicable.
INCOMPATIBILITY: Strong acidic or alkaline materials.
HAZARDOUS POLYMERIZATION: Will not occur.

11. OTHER INFORMATION

HMIS RATINGS: We assign HMIS ratings to this product based on the hazards of its ingredient(s). Since the customer is most aware of the applications and conditions of use, he must ensure that the proper personal protective equipment is provided consistent with information contained in Section’s 7 and 8 of this MSDS.

HMIS RATINGS:
- Health: 1
- Flammability: 1
- Reactivity: 1

The data contained herein is based on information currently available to MGK Company, and believed to be factual and the opinions expressed to be those of qualified experts; however, this data is not to be taken as a warranty or representation for which MGK Company assumes legal responsibility.
