DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product may be used in homes, restaurants, and other food and food handling establishments (mills, dairies, canneries, dairies, meat packing plants, food processing plants, etc.), along baseboards and in household areas (excluding carpeting, rugs, drapes, and furniture). This product is effective against cockroaches, ants, silverfish, and fleas. To control cockroaches, ants and silverfish, apply liberally to the floors, cracks, and crevices where food is prepared or held. To control fleas, apply liberally to the floors, cracks, and crevices where fleas are likely to hide. Avoid contaminating food or food processing surfaces. Avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

FOR FOOD HANDLING ESTABLISHMENTS

Food areas are facilities where food is served, such as dining rooms, but not where food is prepared or held. In these areas are considered FOOD AREAS when food is exposed and the facility is in operation and for these areas follow the application directions in this section.

If food is exposed and facility is not in operation, follow application directions under NON-FOOD SERVING AREAS below.

Use Restrictions: FOOD AREA application is limited CRACK AND CREVICE TREATMENT ONLY. Application to other areas are not permitted. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

Application Directions: Apply in small amounts directly into cracks and crevices using a bulbous duster or other suitable equipment capable of applying insecticides directly into cracks and crevices, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing, and electrical switch boxes where codeworks hide.

3. NON-FOOD AREAS

Includes garage rooms, lavatories, floor drains (to sewer), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas for as long as possible. Do not allow children or pets reentry into treatment areas before reentry times. Do not allow children or pets reentry into treatment areas before reentry times. Do not allow children or pets reentry into treatment areas before reentry times.

Nondurable goods are not needed for food storage or disposal.

FOR COMMERCIAL USE

Non-Edible Product Areas Only

Use Restrictions: Apply only in areas inaccessible to children and pets. Do not contaminate water, food, feed, or foodstuffs when treating large areas, such as wall voids, soffit and subcabinet voids in new and existing construction, dust liberally using dusting application equipment.

DIRECTIONS FOR APPLYING IN SEWERS AND MANHOLE CAVITIES: Apply this product at a rate not to exceed 12 oz. per 190 sq. ft. using portable blowers or air pressure tanks.

DIRECTIONS FOR APPLYING AS A MOP SOLUTION TO CONTROL COCKROACHES: MIXING AND APPLICATION DIRECTIONS: Add 1 cup of this product to each gallon of rinse water. Apply to floor areas only. Make only enough for each application. Supplemental treatment only. Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Avoid contamination of feed and foodstuffs.

FOOD HANDLING ESTABLISHMENTS

Places other than private residences in which food is fed in, processed, prepared, or served.

1. FOOD AREAS (INCLUDING SOME SERVING AREAS)

Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible, waste storage and enclosed processing systems (mills, dairies, edible oils, synap).

SERVING AREAS

Areas are facilities where food is served, such as dining rooms, but not where food is prepared or held. These areas are considered FOOD AREAS when food is exposed and the facility is in operation and for these areas follow the application directions in this section.

If food is exposed and facility is not in operation, follow application directions under NON-FOOD SERVING AREAS below.

Use Restrictions: FOOD AREA application is limited CRACK AND CREVICE TREATMENT ONLY. Application to other areas are not permitted. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

Application Directions: Apply in small amounts directly into cracks and crevices using a bulbous duster or other suitable equipment capable of applying insecticides directly into cracks and crevices, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing, and electrical switch boxes where codeworks hide.

**AS AN AID IN CONTROL OF FLEAS**

This product will control fleas when dusted over flooring (cement, wooden, tile, linoleum, etc.), along baseboards and in household areas (excluding carpeting, rugs, drapes, and furniture). This product is effective against cockroaches, ants, silverfish, and fleas. To control cockroaches, ants and silverfish, apply liberally to the floors, cracks, and crevices where food is prepared or held. To control fleas, apply liberally to the floors, cracks, and crevices where fleas are likely to hide. Avoid contaminating food or food processing surfaces. Avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

Application Directions: Apply in small amounts directly into cracks and crevices using a bulbous duster or other suitable equipment capable of applying insecticides directly into cracks and crevices, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing, and electrical switch boxes where codeworks hide.

2. NON-FOOD AREAS

Includes garage rooms, lavatories, floor drains (to sewer), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garbage, garbage, mop closets and storage (after canning or bottling).

STORAGE AND DISPOSAL

Storage: Store this product in its original container in a dry, cool, secured area out of reach of children and pets. Do not contaminate water, foodstuffs, feed, or seed by storage or disposal. Product disposal: As a responsible environmental practice, where possible, it is recommended that all of the contents of the container be used, carefully following label directions and precautions. If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain. Spill: In case of spill, sweep up and dispose of material according to IF PARTLY FILLED directions listed above.

FIRST AID

IF SWALLOWED:

- Call a Poison Control Center or doctor immediately for treatment advice. Have this product container or label with you when calling a Poison Control Center, or doctor for treatment advice.
- Take off contaminated clothing. Rinse skin immediately with plenty of water for at least 15 minutes. If on eyes, rinse with water or saline for 15 to 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing.
- Untreated skin immediately with plenty of water for at least 15 to 20 minutes. Treat as a burn in first aid.
- Take off contaminated clothing. Rinse skin immediately with plenty of water for at least 15 to 20 minutes. Treat as a burn in first aid.
- Call a Poison Control Center or doctor for treatment advice.

IF IN EYES:

- Hold open eyes and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:

- Take off contaminated clothing. Rinse skin immediately with plenty of water for at least 15 to 20 minutes. Treat as a burn in first aid.
- Call a Poison Control Center or doctor for treatment advice.

IF INHALED:

- Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration. Preferably mouth to mouth if possible. Call a Poison Control Center or doctor for treatment advice.

HAVE THIS PRODUCT CONTAINER OR LABEL WITH YOU WHEN CALLING A POISON CONTROL CENTER OR DOCTOR, OR WHEN GETTING TREATMENT.

You may also call 1-800-288-7757 for emergency medical treatment advice.
